

PLEASE STOP BROADBAND POWER LINE TRANSMISSION (BPL) BEFORE IT STARTS.
BPL HAS BEEN TRIED WITHOUT SUCCESS IN BOTH EUROPE AND JAPAN. AFTER VIEWING TEST
RESULTS PERFORMED BY ARRL TEAMS IN TEST AREAS OF THE USA. THE INTERFERENCE TO
COMMUNICATIONS ON HF AND LOW VHF BANDS IS
UNACCEPTABLE. THIS INTERFERENCE WILL NOT ONLY AFFECT AMATEUR COMMUNICATIONS BUT
WILL IN SOME METROPOLITAN AREAS
MAKE EMERGENCY COMMUNICATIONS UNACCEPTABLE TO POLICE, FIRE, MEDICAL PERSONEL AND
COUNTLESS OTHERS IN TIME OF NEED.
CONSIDER THE PROBLEMS IT WILL CREATE NOT, THE MONEY THE POWER COMPANIES WILL
MAKE. WE ALREADY KNOW POWER COMPANIES ARE NOT CONCERNED ABOUT THE INTERFERENCE
THEY ALREADY CREATE. LETS NOT OPEN A PANDORA'S BOX OF SEVERE INTERFERENCE.
STOP BPL NOW!!!
RESPECTFULLY SUBMITTED!!
MAINES H ALDERMAN
